November Fire Department report

- We are currently in a holding pattern waiting for the hall. Time engine has been drained of water to prevent damage from freezing.
- Important training will be taking place on Saturday Dec 6 with Ed Atkinson. This training is mandatory for all BC Firefighters in order to be dispatched to emergency scenes that involve traffic control.
- Code 3 driving regulations course is being taken by our members wishing to drive emergency vehicles. This is also a mandatory course for all B.C Firefighters drivers.
- We have station gear (pants, shirts) coming up with the next few weeks from Bob at Fire Fighters without borders.
- Continuing to work on SOP's (Standard Operating Procedures) which members will be trained on ASAP
